

Year 3 Optional Homework Autumn Term 2016

This term your homework is linked to our Stone Age, Bronze Age and Iron Age (Pre-historic Britain) topic and we hope you will enjoy completing the activities. From the 9 tasks below, choose 4 to complete over the whole term. You will have at least 2 weeks to complete each task, so we expect that you take care and put in effort so that you can complete it to the best of your ability. You can present your work by hand or use a computer. The hand-in dates are as follows: Homework 1: Friday 30th September Homework 2: Friday 14th October
Homework 3: Friday 4th November Homework 4: Friday 18th November

<p style="text-align: center;"><u>A mammoth challenge</u></p> <p>Ug is the champion mammoth hunter in Mud village. On week 1 he catches 1 mammoth, on week 2 he catches 2. Each week he catches double the number he caught in the week before. Pog tries to beat Ug. He catches 15 mammoths every week. By the end of week 10, who will have caught the most mammoths? When will Ug overtake Pog's score?</p> <p>You can choose how to record your answers. As an extra challenge, come up with some more questions of your own about Ug and Pog and try to answer them.</p>	<p style="text-align: center;"><u>Stone age maths</u></p> <p>Stone age people did not understand numbers as we do. Archeologists have found these markings in cave that they think might be stone age counting. Can you come up with your own method of counting? You might want to choose symbols to mean certain amounts. Will you count in sets of 10 or will your counting system work in another way?</p> 	<p style="text-align: center;"><u>Cave Art</u></p> <p>Make up your own story, it can be about anything you like but tell it through cave art pictures!</p> 
<p style="text-align: center;"><u>Rock all around us</u></p> <p>Have a look around your home and around Billingshurst to see how rocks are used today. You could present your findings as a poster, booklet or information sheet.</p> 	<p style="text-align: center;"><u>The Big Project</u></p> <p>Research an aspect of pre-historic Britain; the Stone Age, Bronze Age or Iron Age and use what you find out to create a full project. You can present this in any way you wish. This can count as a whole term's homework so really work your hardest and become your class expert.</p>	<p style="text-align: center;"><u>Time travellers</u></p> <p>Imagine that you have been whisked back in time to Pre-historic Britain. You have been allowed to take one person or one object from 2016. What or who would you take and how would you explain your choice?</p>
<p style="text-align: center;"><u>Dem Bones, Dem Bones!!</u></p> <p>How could you teach someone else all about the human skeleton? Perhaps you could construct a model or create a presentation? Your challenge is to take a short (5 min max) lesson on the skeleton for your class with the resources you will need to help the other learners.</p>	<p style="text-align: center;"><u>Cave homes</u></p> <p>During the Stone Age, people lived in caves. If you had to live in a cave what would you like it to look like and what would be in it? Be as creative and imaginative as you like! Maybe you could build your own 3D cave to bring in!</p>	<p style="text-align: center;"><u>Stone age recipe</u></p> <p>Stone age people could not pop to the shops for food. Everything they ate had to be caught or collected. Write your own recipe for a stone age dinner using the sort of ingredients that would be available to them.</p>

Year 3 Optional Homework Autumn Term 2016

Extended learning opportunities

Places to visit

Cissbury Ring in Worthing is the largest hill fort in Sussex and has a history dating back over 5,000 years.

www.nationaltrust.org.uk > Visit > South East & London
