24th January 2017

Dear Parent/Carer

Unfortunately there was an error on the Year 3 Optional Homework grid that was sent out to you recently. The Greek Maths Challenge segment asks "What if they were joined by Athena?" but this should read "What if they were joined by Aphrodite?"

In addition to this the first hand-in date should have been Monday 23rd January and not February as stated on the sheet. Therefore we are asking that two pieces of homework come in by Monday 6th February. We have attached an amended version of the homework sheet for your information.

We would like to apologise for this oversight.

Kind regards

The Year 3 Team
