

Maths

We will be learning about:

- percentages and how these relate to fractions and decimal numbers
- geometry, including; angles, shapes, position and direction, measurement, perimeter and area and volume

Computing

We will be learning how to use spreadsheet software for a variety of purposes, such as: budgeting and checklists

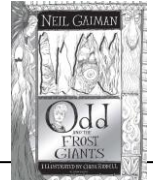

R.E.

We will be learning about Paganism and Saxon conversion to Christianity.

Literacy

Our writing will be inspired by aq range of texts, including: Odd and the Frost Giants by Neil Gaiman and Beowulf by Kevin Crossley-Holland. We will be writing in a variety of different styles across the curriculum, including writing our own Norse myths.

Year 5 Summer Term

Music

We will be learning about pitch, tempo and how to maintain a steady pulse when performing music.

Incredible Invaders

Science

We will be learning about forces, including water resistance and friction. We will be investigating life cycles of plants and animals.

Art/DG

We will be creating 3D sculptures using clay. We will be making a Viking longboat with a working sail (using pulleys), and investigate how levers moved these mighty ships from land to sea.

P.E

We will be learning ways to improve our skills in rounders and athletics, in preparation for sports day at the end of term!

History/Geography

We will be learning about the Anglo-Saxon and Viking eras. We will be investigating how Anglo-Saxon and Viking life was different to ours. We will use maps, atlases and globes to study Europe.

Languages

We will learning about people living in France and how this compares to the UK.

P.S.H.C.E

We will be looking at "Relationships" and "Changes". We will be developing our understanding about different types of change, including body changes during puberty.
