25th May 2017

Dear Parent/Carers,

Arts Week – 19th–23rd June

The week beginning 19th June 2017 is going to be our Arts Week in school with the children being given opportunities to further explore and develop their creativity and expression.

We have decided to take the brief of "Light and Dark", with photography and the use of digital media as the central theme.

We are appealing for your help with this due to the fact that digital cameras are in short supply at school and ideally, we would like all of the children to be able to compose and capture images which they can then print, manipulate and enhance on the computer.

If you are able to allow your child the use of a digital camera for this week we should be extremely grateful. The camera and case should be named and we would store these carefully at school when not in use. We also need angle poise or desk lamps to create light effects and shadows in compositions. Again, if you have any of this equipment we should be most grateful if we might borrow it.

Finally, as ever, we would love any additional help, expertise and support over this week. If you can spare some time and you have DBS clearance, please let Mrs Edwards, Mrs Hatrick or your child's class teacher know.

Many thanks – in anticipation!

C Edwards R Hatrick
