

# Extended Learning Opportunities Year 1 Spring Term 2017

**Below are some ideas of websites and places to visit that will help your child extend their learning**

## *Useful websites*

Nasa kids club. This site has space related crafts and games as well as lots of interesting facts.

ESA kids. This site has lots of games and information

Planetsforkids.org This site has lots of information about the planets and where they are in relation to earth

[www.BBC.co.uk/schools/websites/4-11](http://www.BBC.co.uk/schools/websites/4-11). This site has a whole range of activities and games for different areas of interest including maths, literacy, science and art.

## *Local places to visit*

**The Local Library** – There are lots of stories about space adventure as well as non-fiction books full of interesting facts.

**Go out into the garden** – look at the moon each night for a week or so and see what happens

## *Day trips*

The Observatory science centre – Herstmonceux

The South Down Planetarium in Chichester – Southdowns.org.uk

London Science Museum

The space centre – if you happen to be near Leicester. They also have a website-spacecentre.co.uk
