Madagascar: George Frisby
Morocco: Ethan Akinmuboni

Chile: Lisa Orosz
Argentina: Gabriella Hunter
Brazil: Zoe Lewis

Cambodia: Lucy Holland - absent
Maldives: Louisa Poole
Nepal: Holly Johncock

China: Jack Tyler - absent
Russia: Thomas Fraher
Japan: Finley Wiggins

Eco Team

The School Council Team and Eco Team met and planned their own campaign. A newsletter / newspaper with an assembly launch and distribution to parent's children and the local community. Thomas will lead an assembly and Year 5 / Year 6 will collate and design the newsletter.

The campaign will compose of a leaflet that will have specific contributions about reducing the use of single-use plastics in school and reducing the amount of single-use plastics in children's lunch boxes. This will be launched with an assembly and then the leaflet will be sent home to all parents, sent to all governors, published on social media and sent out to local businesses. The School Council and Eco-Team will think about how we can measure the impact at school and in lunch boxes to know whether the campaign has been effective.

Question: How would we be able to know whether we have reduced the use of plastic in the school and in children's lunch boxes? Get your science and maths brains thinking to work this one out!

Date of next meeting: 1.30pm Tuesday 12th February 2019 - staffroom
