

EYFS Newsletter - Friday 23rd May 2025

Ambition Belonging Courage

In Drawing club...

This week, we have enjoyed looking at 'The Smegs and the Smoos', learning new vocabulary such as: relationships, nasty, scowling, unique, happiness, antennae. We have thought carefully about creating our own character and setting and then decided where our character might go on their adventure! Ask the children to show you their actions for the vocabulary and to tell you about their story.

In maths this week...

We have been working on many mathematical skills around problem solving. We have been ordering numbers, rolling dice and saying what is one more and one less, playing the track games we created last week and thinking about how we are challenging ourselves with them. We went on to practise subtraction, finding out how many Smoos went swimming and writing number sentences to match.

Other areas of learning...

This week, the children have been immersing themselves in different activities linked to 'The Smegs and the Smoos'. We designed our own aliens and then created them out of plasticine, some children worked together to make the planets look more exciting using loose parts and we had a go at re-telling the story by becoming the characters and acting it out! We have been outside practise different events ready for sports day!

How to help at home...

Find a selection of objects at home and take some away, tell a grown up the number sentence that would go with your number story. Over half term you could visit the library and find some books about the planets and space. Tell us a new fact when you come back to school!

Key dates:

Games morning -

The next games morning will be on
Friday 6th June
Friday 20th June
Friday 4th July
(the final one)

Please remember to send your child in with a sun hat and suncream already applied.

Reminder:

Please can you remember to cut your child's grapes in half lengthwise if they are bringing them in as a snack or in their lunchboxes due to them being a choking hazard.
