Ambition Belonging Courage

This week in Drawing Club ...

We have looked at the traditional tale *Goldilocks and the three bears*. The children have been inspired by this book to compare different sizes. They have even looked at measuring one another with multilink bricks. During Drawing Club the children loved thinking of adventures for Goldilocks and the bears. These adventures included finding magic apples to make the bears grow and even the bears and Goldilocks going on holiday together.

The new vocabulary this week - furious, slurp and mischievous.

This week in Maths ...

We have introduced the children to the vocabulary 'more' and 'fewer'. The children have been using these words to describe groups of objects. We have been looking closely and thinking about the size of the group and then counting the groups to find the total in each. At home you might like to practise this skill while having dinner. Can your child work out who has more carrots on their dinner plate or who has fewer carrots?

We have been supporting the children to use the sentence phrase 'Mrs Walker has more than Mrs Woods' Or '... has fewer than....'

Other learning across the week...

We have been exploring temperatures. Thinking about whether something is hot, cold or warm. The children explored ice blocks and heat packs. They spoke about how these items felt and discussed what they preferred.

The children have also been working on their pencil control this week. Ensuring that they are holding their pencils correctly.

Ways to help at home ...

See if your child can write their name, they could do this in pencil or chalk. What other letters do they know? Can they write the letters down and bring it in to show their teacher?

Key dates:

**Open
classrooms -
Friday 24th
October**

Please come in first thing with your child to share stories together. We are looking forward to seeing you!

Ambition Belonging Courage

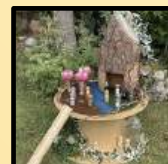

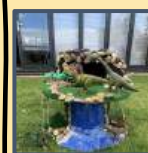

Our week in photos...

Notices:

We are creating an **imagination station** in the Learning Garden and we need your help! We are looking for cable drums, tree stumps and any paint for outside (for example, cuprinol). If you have anything please come and talk to your child's teacher.

Thank you!
