Ambition Belonging Courage

## Learning this week...

We have taken a step into Christmas. With our learning focusing on the start of the festive season. What with this and our time being spent practising our Christmas show, we did not do a Drawing Club book instead we had a focus on 'Snowmen'. The children have worked on drawing, labelling and writing a simple sentence about their snowman. Or in some case their snow ladies. We have also been creating melted snowmen and thinking about what might have caused them to melt.

## This week in Maths ...

We have been recapping skills we have learnt so far. For example, we have looked at counting with 1:1 correspondence up to 10. We have also been looking at groups thinking who has more and who has fewer. We have also looked at height this week. We have been thinking about how we can measure our friends, and how to describe who is taller.

At home you might like to think about ordering things by height. Perhaps your child could do this with their favourite toys.

## Other learning across the week...

The children have been working incredibly hard on their Christmas show! We are very proud of them and cannot wait to share it with you next week.

The children have also loved being in charge of changing our class role plays into Christmas post offices and Santa's workshops.

## Ways to help at home ...

Your child might like to write some Christmas cards for their friends. Or perhaps they can draw and label a Christmas picture.

## Key

## information:

**Christmas Show -**  
**'Simply the Nativity' -**

**Tuesday 9th**  
**December starting at**  
**9.30am.**

You should have all received your 2 ticket allocation.

Please remember to bring these with you on the show day.

If you have not yet brought your child's christmas jumper in please can you do this on MONDAY.

Thank you :)
