Ambition Belonging Courage

In drawing club this week...

With sports week this week we have not done drawing club but have enjoyed all things sporty with a focus on the world cup. The children have found out about the countries involved and looked at a world map to see just how small some countries are compared to others.

In maths this week...

We have had fun each day looking at the scores from the games the night before. We have found out one more and one less. Added the scores together. We have used words like greater number of goals, fewer goals, equal and draw. We have also worked out how many letters were in each name. We looked on the map to see which country is bigger/smaller

This week ...

We have done lots of fun activities. Our days have begun with a wake up shake up either with the rest of the school or in our classrooms. We have done yoga and sound baths. On Wednesday we had great fun sharing our sports day with the people we love and on Thursday we had a football session where a coach taught us some handy football skills. We have also looked at food groups and shown how we need a bit of everything to keep our bodies healthy.

How to help at home...

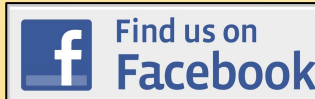

Encourage the children to think about being active. Many did not consider popping out for a walk as good exercise. If you are looking for action how about Parkrun- many of our children go to Horsham park on Sunday 9.00 for a group run with or without parents. How about going swimming with Billingshurst having its own pool or venturing further afield to Horsham Pavilions.

Key dates:

Tuesday 23rd
June - Transition
Morning.

The children come to school in their current classes and visit their new classes for the morning.

Ambition Belonging Courage

Our week in photos...

Notices:

If you have any reading books from school around at home could you please return them so they are ready for the groups following on.

Thank you in advance.
