Ambition Belonging Courage

In drawing club this week...

We have looked at our final instalment of 'Superhero' texts. The book Supertato throughout the school year has been a favourite. The children have loved having this as this final book. They created their own endings and even planned some cunning tricks to catch Evil Pea.

In maths this week...

We explored lots of different concepts through board games and construction with different shapes. The children have demonstrated their knowledge and skills about how to combine numbers, subitise and naming shapes. This has highlighted to us all how far the children have come since starting with us back in September.

This week ...

The children have loved exploring all areas of learning. They have helped to organise old and new resources and LOVED exploring all areas of the classrooms. They have led their own learning and it's been incredible to listen to them extend their learning and share their ideas with their classmates.

Summer ideas ...

Firstly please take this time to relax (where possible), catch up on family times and enjoy being together. Some firm favourites that you might wish to take part in; the library summer reading challenge, a trip to a park or beach, go for an adventure at a National trust venue.

The biggest THANK YOU -

To you all for sharing your wonderful children with us this year! They have been a pleasure to have in class, and we wish you all the BEST summer.

Ambition Belonging Courage

Our Year in Photos (well a few at least)...

Another HUGE thank you...

This time to a member of staff, to the wonderful **Mrs Footer!** Who today retired from teaching. She has been an incredible part in so many children's education and we could not be more grateful for all the years of love, laughter and fun.

Please join us in wishing Mrs Footer a wonderful retirement, we will miss you!
