Year 6 Bikeability Course

Dear Parents/carers,

We are pleased to confirm that the Year 6 **Bikeability Training Course** will be taking place during the weeks commencing **16th and 23rd of November**.

The Bikeability course for your child will run over two days with professional instructors, aimed at helping children build their confidence and independence when cycling on roads, as well as basic bicycle maintenance. The course is designed for riders who have reasonable control of a bicycle, and therefore this course is not suitable for complete beginners.

To take part in Bikeability, your child must have the following:

- A roadworthy bicycle that is in good working order and of the correct size (please contact your class teacher if you have any issues with this – we do have some bikes that children are able to borrow if necessary but cannot guarantee this).
- Both front and rear brakes must be in full working order, the tyres must be in good condition and pumped up, the handlebars securely attached and fitted with bar end plugs.
- An approved correctly fitting cycle helmet.
- Appropriate dress for the weather conditions (*a waterproof coat*).

The Year 6 team will soon receive a timetable from the bikeability team, we will then let you know which days within the two weeks that your child will need to bring their bike into school.

Please do contact your child's class teacher if you have any queries about this.

Kind regards,

Year 6 Team
