

# SEND Coffee Morning

Parents and carers of pupils with Special Educational Needs and Disabilities (SEND) are invited to attend the postponed spring term coffee morning on Tuesday 3<sup>rd</sup> May.

## Numicon Training

Following on from the responses to the recent SEND survey, we are excited to announce that Mrs Barber will be sharing her expertise on Numicon, a multi-sensory maths resource, which is currently used across the school. Come along and learn how to use this resource to support your child with maths at home.

The Numicon session will last approximately 40 minutes, allowing time for questions and for you to have a play with the resources yourself. There will then be an opportunity to meet the newest members of the Inclusion Team, followed by tea and coffee and time to get to know other parents.

**Tuesday 3<sup>rd</sup> May**  
**9.00 – 10.30am**  
**KS1 Hall**
