

KS1 Multi Skills Festival @ The Weald

The following report has been independently written by a group of Year 2 pupils.

On Wednesday 24th November, we (24 children across Years 1 and 2) went to the Weald School for a multisports afternoon.

I liked doing the zig-zag runs. I enjoyed the beanbag toss because it was a good challenge to move (throw it) further away.

I got better at running because I was taught to run quicker. I think I could beat my brother now.

I found the hurdles really fun because I jumped higher.

I liked jumping when we jumped over the long triangles because now me and my brother have improved.

We all really enjoyed the day and had lots of fun.

Thank you to all the teachers who helped us.
